Are most of your snacks planned or unplanned? \_\_\_\_\_

For many people, unplanned snacks are often triggered by one or more of the following. Check the triggers (cues) that apply to you:

- Being too hungry
- Being tired or overworked
- Feeling stressed, anxious, bored, or angry
- Seeing or smelling food, or seeing others eating
- Doing certain things or being in certain places (e.g., watching TV)
- Celebrating on holidays or at family gatherings
- Other \_\_\_\_\_

What could you do to avoid these situations/feelings or handle them differently?

Example: If the TV room triggers eating potato chips for you, you could stop buying potato chips and keep a bowl of fresh fruit in the TV room.
